

Load Shedding

Dear Student,

If your examination has or would be affected by load shedding in your area, follow the points below in order for REGENT Business School to assist:

1. Send an email to studentsupport@regent.ac.za and **attach a copy of the loadshedding schedule** for your area, together with your **personal examination timetable**.
2. We want to assure all students that they will not be disadvantaged due to loadshedding. You will be granted another opportunity to sit for the examination. Details will be provided.

REGENT Business School request that students remain committed and focused on their examinations. These are matters beyond our control, but REGENT is doing all it can to mitigate any negative impacts.
